Sorry, I just got in from a 2<sup>nd</sup> grade field trip. Scott is setting up a line and I'm about to send out slides. Should I put any deliberative language on the slides? If so, what?

Thanks, Marta. I'll be calling in for today's meeting. Is there a conference line, or do you mind looping me in? I'm at 3-6956.

Thanks,

Gina

Thanks – there's some nice correlation of BEN and NO2 coming off what I believe is the coke battery.

Marta,

Yes. AK will emit NO2 from several areas of the plant, including the coke plant.

Thanks,

Gina

Gina, just to confirm – we would expect to see emissions of NO2 coming from AK Steel?
